

The American Legion Boys State of Virginia

72nd Session
Radford University
Radford, Virginia

2014

In Memory

James Eborn Pilley Jr.

Son of James and Geneva Pilley and husband of Joyce Pilley, passed peacefully from this world on April 30, 2014. Born on August 28, 1924, he grew up in Tarboro, NC, and joined the U.S. Army on February 5, 1943, serving with distinction during WWII in Patton's Spearheaders, the 737 Tank Battalion. An active member of the American Legion, over the years he was post commander of Post 113 several times, State Commander for Virginia twice and Counselor and Chief Counselor of American Legion Boy's State of Virginia for 35 years. He was inducted into the Boys State Hall of Fame in 1988. Always proud of his service to his country, he regularly attended 737 Tank Battalion reunions. He is survived by his loving wife, Joyce, his daughter, Sue, his son, Doug, his stepson, Warren and grandchildren, Timothy, John, Sharon, Katelyn and Casey. Jim brought light and much laughter to everyone he knew. The family asks that you remember him fondly with a smile, because he always wanted to leave us laughing.

A Proud History

The youth movement known as Boys State was originally sponsored by the American Legion to counteract Pioneer Camps which were being conducted in the United States by the Nazi Freedom Foundation. Pioneer Camps taught that, although the democratic form of government has served its purpose well, it was outdated and should be replaced by a fascist form of government. Legionnaires in Illinois decided to organize schools to teach youth the American way of life. They wanted to develop some type of educational program giving youth a better understanding of our system of government and to instill in them ways to preserve the freedoms we have under our democratic way of life.

The Americanism Committee of the American Legion of Illinois obtained use of the State Fairgrounds for a week in June 1935. The Legion contacted the high school principals in their state and asked them to select junior class leaders to attend a new program to study the Constitution and government of the State of Illinois. During that week the delegates were asked to suggest a name for the new program. The name Boys State was suggested and unanimously adopted. On completing a course of study based on American values and an in depth study of local and state government structure the program was approved by the American Legion National organization and given the name Boys State.

Other States followed Illinois and developed Boys State programs based on their respective constitutions and governmental structures. In 1939 the American Legion Department of Virginia, with the cooperation of Virginia Polytechnic Institute, organized the Old Dominion Boys State. In 1956 the name was changed to The American Legion Boys State of Virginia. It has been held during the month of June every year since 1939 with the exception of the war years of 1942-1945.

The Boys State program has been developed and refined on the assumption that youth can best learn by doing. The curriculum is patterned after actual mechanics of the state and local governments in Virginia. Divided into 16 separate cities, the citizens elect mayors, delegates, senators, judges, and city officials to carry out the duties of each. They are divided into two political parties and each party selects nominees for the state offices of Governor, Lieutenant Governor and Attorney General. The winning candidates form a micro functioning state government which crafts and passes laws. The laws passed by the assembly and signed by the governor are presented to the assembled citizens during the last assembly before graduation. All graduates take with them an understanding of the democratic process and the way Virginia government works.

Boys State is not just concerned with the government process, but is also concerned with the well-rounded citizen. With that in mind a complete activities program is included. There are organized sports, a band, a choir, a daily newspaper and educational programs other than government. There is also a talent show which gives the boys a chance to show off their skills and talents.

The Boys State program is staffed entirely by volunteers who devote at least one full week of their time (vacation or otherwise) to the program. Some give more time during the year to develop and plan for a successful Boys State experience.

Hall of Fame

Robert "Bob Brady" is being inducted into the Virginia Boys State Hall of Fame for The many outstanding contributions he has made to the program. He has served Boys State in several capacities for many years. He has held several positions at Virginia Boys State and always performed his tasks and duties in an extraordinary manner. Not only has he been a superb member of the Boys State staff, He has been a tremendous asset the Virginia American Legion at the Post, District and State levels. He has, for many years, been the primary staff member who arrives several days prior to a Boys State session to prepare and coordinate the myriad of issues and problems in order to assure the staff have all the many perform their tasks and duties. You can rest assured that if there is an issue he will solve or fix it before it grows into a major problem. He is one of the reasons the Boys State Citizens have the most meaningful experience possible.

Gordy Smith is being honored by Virginia Boys State the for many contributions he has made to the program. He has served Boys State in several capacities for many years. He has held several positions supporting the program and always performed his tasks and duties in an exceptional manner. Not only has he been a superb supporter of Boys State, He has been a tremendous asset the Virginia American Legion at the Post, District, State and national levels for 24 years. He is one of the very few who have achieved the following distinctions: Since 1992 he has obtained the funding to pay for the attendance of 740+ citizens. That is more than the number of the entire class of 2014. He has been honored at the national level and was asked by the national organization to prepare a "how to" manual for use by posts throughout the nation in obtaining financing for Boys State programs. He was a respected "Mentor " in the Virginia American Legion Boys State for several years where he guided and instructed young men in the complicated political reporting arena.

Kathleen Lyons is being honored by Virginia Boys State the for many contributions she has made to the program. She has been a been a member of American Legion Post 290 Auxiliary since 1983 where she has served numerous terms as auxiliary president and girls state chairman. For the past 21 years she has volunteered in the administrative office at boys state where for the past 4 years has been the office manager. In that position she has been responsible for the modernization of office procedures which has greatly increased the efficiency and reduced the high stress of processing the large amount data, preparing the myriad of reports and management tools required by the counselors and other staff elements in performing their duties. Finally her efforts have contributed greatly to the overall experience of the Boys State citizens.

These Legionnaires are recognized for their outstanding humanistic qualities, career accomplishments, local and state achievements; and held in high esteem by their peers and honored by their associates for their contributions and achievements; and who, for God and country, have unselfishly placed themselves below others and service above personal gain in their defense of democracy and freedom equality and opportunity, while carving out an enviable life's record in a multitude and variety of worthy endeavors; is forever enshrined in the American Legion Boys State Hall of Fame, June 20th 2014
