A Proud History

The youth movement known as Boys State was originally sponsored by the American Legion to counteract Pioneer Camps which were being conducted in the United States by the Nazi Freedom Foundation. Pioneer Camps taught that, although the democratic form of government has served its purpose well, it was outdated and should be replaced by a fascist form of government. Legionnaires in Illinois decided to organize schools to teach youth the American way of life. They wanted to develop some type of educational program giving youth a better understanding of our system of government and to instill in them ways to preserve the freedoms we have under our democratic way of life.

The Americanism Committee of the American Legion of Illinois obtained use of the State Fairgrounds for a week in June 1935. The Legion contacted the high school principals in their state and asked them to select junior class leaders to attend a new program to study the Constitution and government of the State of Illinois. During that week the delegates were asked to suggest a name for the new program. The name Boys State was suggested and unanimously adopted. On completing a course of study based on American values and an in depth study of local and state government structure the program was approved by the American Legion National organization and given the name Boys State.

Other States followed Illinois and developed Boys State programs based on their respective constitutions and governmental structures. In 1939 the American Legion Department of Virginia, with the cooperation of Virginia Polytechnic Institute, organized the Old Dominion Boys State. In 1956 the name was changed to The American Legion Boys State of Virginia. It has been held during the month of June every year since 1939 with the exception of the war years of 1942-1945.

The Boys State program has been developed and refined on the assumption that youth can best learn by doing. The curriculum is patterned after actual mechanics of the state and local governments in Virginia. Divided into 16 separate cities, the citizens elect mayors, delegates, senators, judges, and city officials to carry out the duties of each. They are divided into two political parties and each party selects nominees for the state offices of Governor, Lieutenant Governor and Attorney General. The winning candidates form a micro functioning state government which crafts and passes laws. The laws passed by the assembly and signed by the governor are presented to the assembled citizens during the last assembly before graduation. All graduates take with them an understanding of the democratic process and the way Virginia government works.

Boys State is not just concerned with the government process, but is also concerned with the well-rounded citizen. With that in mind a complete activities program is included. There are organized sports, a band, a choir, a daily newspaper and educational programs other than government. There is also a talent show which gives the boys a chance to show off their skills and talents.

The Boys State program is staffed entirely by volunteers who devote at least one full week of their time (vacation or otherwise) to the program. Some give more time during the year to develop and plan for a successful Boys State experience.

Citizens Arrive

Ethan Witt and fellow Boys Stater get a lift to their City.

Boys States first year at Radford University and everyone gets a "RU" penant

Paul Bothnell and others join the registration line.

Miguel Pineda from Lee City being issued two shirts for the week.

A bus load of Citizens arrive from the Danville Area.

Cities Organize
